If your identity is stolen, Power Protected has you covered:²

A dedicated Privacy Advocate will manage and resolve suspected or confirmed fraud until completion. These **Fully Managed Identity Theft Recovery Services** cover three generations of your family, and include financial and non-financial identity theft.

In addition, **Identity Theft Expense Reimbursement Insurance covers up to \$25,000** of your out-of-pocket expenses incurred during the recovery of your identity. These expenses may include attorney's fees, mailing expenses, and lost wages.

Activate your monitoring services—start protecting your identity today!²

Enroll and enter your information to take advantage of the identity theft protection and monitoring services included with Power Protected Checking.

What do you monitor?

Your personal data is monitored online—including the Dark Web—24 hours a day. To activate your Power Protected ID Monitoring, enroll online and register all personal information you would like monitored, including:

- **Social Security number**
- **Passport and driver license numbers**
- **Debit and credit cards**
- **Financial accounts**
- **Web logins**
- **Insurance cards**

How do I enroll?⁴

After opening your Power Protected Checking account you will receive an email with your personal Member ID.

1. Go to **ssfcu.org/idmonitoring**
2. Type the Member ID included in your email
3. Follow the prompts to verify your information
4. Enter the personal information you want monitored
