Payment Due Date Agreement

I (We), _____, have executed a note (credit agreement) and have become obligated to repay **Security Service Federal Credit Union** the funds advanced to me (us) pursuant to that agreement, plus interest, and have an unpaid balance currently outstanding.

I am (We are) unable to complete the payment of this loan under the present terms and now ask that I (We) be given relief in the form of a change in the payment due date to the _____ day of the month beginning on _____. If this request is approved, I (We) agree to pay the balance remaining due on this note, plus interest, at the same rate and monthly payment amount as provided in the original note. I (We) understand all other provisions of the original note, except those changed by this agreement, will remain in full force and effect. *[Note: Balloon Loans are not eligible.]*

I (We) request this payment due date change for the following reasons:

I (We) understand that if this request is not approved, my (our) original payment schedule remains in effect and I (We) remain responsible for any payment(s) due. Also, I (We) understand that the granting of this request may affect my (our) eligibility for future extensions (or skip options) during the next 12 months.

By signing below, I (We) agree to the payment due date change of the note described in the box above on the terms given and hereby waive all claims for exemption of liability as a result of said payment due date change.
